About ourselves

- Indian Railways Track Machines Training Centre, Prayagraj is one of the three Training Centers of the World, besides at Linz/Austria & Watford/U.K., imparting training in Track Machines technology. It was inaugurated by Shri T.N. Ramchandran, the then Member Engineering, Railway Board on 17.05.1984 to meet the needs of training in all the sub-disciplines related to the operation and maintenance of track machines on Indian Railways. While establishing the Centre, adequate provision has been kept for its future expansion and development to meet the ever-increasing specialized training needs of more and more sophisticated track machines, which the Indian Railways are bound to procure in pursuit of track modernization. The whole project costed ` 46.02 lacs at that time. IRTMTC is located approx. 7 Kms west of Prayagraj Railway station, adjacent to IOC Terminal at Subedarganj. The Training Centre is strategically situated in the vicinity of Central Periodical Overhauling workshop making it an ideal place for demonstrating all the technicalities of Track machines besides giving hands-on training.
- *The Center covers standard training modules approved by Railway Board/IRICEN/PUNE on Induction, Promotional, Refresher & Special Course for Track Machines Operators/Technicians besides conducting Courses for IRSE (P), and Group-B Integrated.*
- The training programmes are generally residential in nature. Available infrastructure includes a well-stocked Library, Computer Centre, Model-rooms, Tamping Simulator, Conference hall, Mess, Sports & recreational facilities for the trainees.
- The Centre presently imparts quality training to officers and staff of Indian Railways and Railway PSUs viz. RITES, IRCON, KRCL etc.
