

Amendment Slip No. 03 dated 29.03.2012 to the Block Working Manual 2008 of NCR

1. Existing para 7.26 (ii) on page 82 is deleted and substituted as under -
If there is a failure of block panel and line clear cannot be obtained on it, the line clear should be obtained through one of the electrical communication equipments as laid down in para 1.18 of BWM after ensuring the clearance of block section under exchange of private numbers between the receiving end Station Master and dispatching end Station Master. An authority on form T/369 (3b) shall be issued to the Loco Pilot to pass the last stop signal at 'ON'.
2. Existing para 9.06 on page 119 – Heading is replaced by 'Action to be taken during failure of Block Instrument on single line.'
3. Existing para 5.16 column 6 on page 61 - T/A 1425 is replaced by T/B 1425.
4. New form T/510 is added on page 184 as an Authority to receive a train on a non-signalled line, as annexed.
