**Sub: Drive for activating / using NIC email IDs.**

Railway Board has directed for mandatory use of email services provided by NIC for official communications. Under the directives, email IDs of all officers of NCR was created and OTP was sent by NIC to the registered mobile no. of concerned officer to activate their NIC email ID. In this regard, a number of letters were forwarded by CCE office to all concerned but the progress as reflected in exception report (see annexure) is self-indicative.

Considering the above progress, General Manager has taken a strong view and directed to launch a week long drive starting from 27.06.2016 to get all the officers who have not activated their NIC email IDs to activate them and get sensitized to use NIC email ID for all their official communications.

CCE / Sr DSTEs of Divisions will extend all assistance to get the email ID activated by the officers. However, following officials may be contacted for assistance as a ready reference.
