

**North Central Railway**

Office of Chief Manager (IT)  
HQ office, Subedarganj,  
Allahabad  
Dt. 18-05-2016

No.:- CMIT/PH-17/2016-17

**Additional Member (C&IS),  
Rail Bhawan,  
New Delhi**

**Sub:- Delegation of powers to General Manger under Plan Head -  
Computerization.**

In order to tap vast potential of IT in Railway Operations & Management to provide good governance; improve Operating Ratio and facilitate Railway employees to enhance productivity, many a times the need for developing suitable infrastructure for computerization and IT applications is felt to meet local requirements in addition to the efforts being done by C&IS directorate, Railway Board.

It is observed that delegation of powers to General Manager under Plan Head -Computerization covers only PRS/UTS/UTS-cum-PRS and FOIS related equipment. It would have been appropriate to diversify powers to General Manager beyond above coverage under Plan Head -Computerization for creating infrastructure for hardware & network and development of IT applications based on local needs and setting up IT learning centres for developing fast track IT culture among staff and officers.

At present there is no power delegated to General Manager for meeting the local requirements stated above.

Board may like to delegate powers to General Manager under Plan Head - Computerization equivalent to powers delegated to him in other Plan Heads to serve the local needs other than PRS/UTS/UTS-cum-PRS and FOIS related equipment as stated above.
