Sub: Issuance of proper authorization letter to the staff deputed for delivery of auctioned Material.

During the Vigilance investigations, it has been observed; several times the delivery of auctioned material is given by the other JE/SSEs working in the field units in assistant capacity of depot incharge. On many instances, these official working on behalf of depot incharge, are not being deputed with any authorization letter issued by the material depot incharge / Incharge SSE or by Sub divisional officer.

With the sensitivity involved in the material handling, the delivery on fixed dates should be given only by the material depot incharge. However in exceptional circumstances the delivery of auctioned material may be given by the official working in assistant capacity to the depot Incharge / JE, working in GP: Rs. 4200/-. Such official, participating in delivery representing the material depot incharge of field unit, should be issued an authorization letter by the depot incharge and countersigned by the sub divisional officer of concerned field unit.

The above is being issued to avoid any dispute as an outcome of the auction delivery. The action taken on above may be communicated to Vigilance.
