

**North Central Railway
Agra Division**

**Shri Sushil Kumar Srivastava
DRM, Agra**

Shri Sushil Kumar Srivastava is a 1988 batch officer of Indian Railway Services of Electrical Engineering (IRSEE). He has done his M.Tech. from IIT, Kanpur.

Shri Srivastava joined Railway services in January, 1990. After joining Indian Railways, the officer has worked in different areas, specifically in the area of maintenance of Electric Locomotives and EMUs. He has lead the Electrical Construction team of Jhansi (a portion of Agra Division was part of that) and also looked after Bhopal Electrical Construction unit for a short duration.

The officer has also worked as Professor in the Training Institute of Railways (IRIEEN) and taught condition based maintenance and non-destructive testing, to probationers and Senior Officers of Railways.

While his posting in RDSO, he has lead the EMU/MEMU design team and developed specification of train-set. He was also instrumental in developing design for conversion of DC EMUs into AC EMUs.

Before joining as DRM/Agra, Shri Sushil Kumar Srivastava has been working in DFCCIL as Group General Manager (Electrical).

He has visited various countries such as Germany, Italy, Japan, Australia and Hong Kong in connection with various inspections and training programs.

The officer has also attended various courses on Strategic Management, Leadership Programs and Project Management at INSEAD Singapore, ISB, Mohali and ISB, Hyderabad.
